

Welcome to April/May Newsletter from SKIPPER Electronics!

**Price increase from 01.08.2023:**

Unfortunately SKIPPER increases prices with 7% starting from 01.08.2023. The market for components does not get better, and we experience extreme price increase for many components! In addition the NOK currency is low compared to all other currencies, so at the moment you experience a large discount only on the currency rate! SKIPPER is therefore forced to increase product prices. We are doing our best to keep all the prices as low as possible.

**SKIPPER technical training 2023:**

**Training topics:**

Basics, installation and service of all present SKIPPER speed logs and Echo sounders.

ESN100/ESN200/DL1/DL2/DL21/EML224/EML1200/SL1200

Introduction and installation of next generation Displays and Electronic units planned to be released in 2023.

The first units to be released are the EML speed logs EML1200/EML1100/EML2

**SKIPPER will be closed the following days:**

17. May - Norwegian constitutional day

18. May - Christ's ascension

29. May - Pentecost

## **Delays due to world shortage of components!**

Producing electronics is a challenge at the moment, we are doing all we can to secure components for our products for the next years. Sometimes things do not arrive when promised, and this causes knock-on delays. We are informing you of delays as soon as we ourselves know. We kindly ask for your patience in these cases, Contact us if the delays cause you large problems, and we will try to find alternative solutions.

We are sorry for the inconvenience this may cause! **We encourage you to place your order as early as possible!**

We do also experience increase in freight cost and delays throughout the market!

It does not seem like this situation will resolve anytime soon!

At the moment we have 4 months delivery for the following products:

- DL850 270 kHz sensor - all versions

2 months delivery on the following products

- ETN200FSX (Alternative is ETS50200 dual transducer)
- ETN200SXG (Alternative is ETS50200 dual transducer)
- ETN200SXT (Alternative is ETS50200 dual transducer)

Longer delivery also on the following products:

- DL1, DL2 and DL21 sensors

### **SKIPPER marketing videos:**

SKIPPER has now produced several videos to be used freely on stands in exhibitions etc.
