Pre-book a meeting with us,
contact your Area Sales
Manager or send an email to:
sales@jotron.com

The banner features a background image of a boat's deck and railing on the water. The text is overlaid on this image. The Jotron logo is in the top left. The trade show information is in the top right. The main text is in the center, and the contact information is in a white circular bubble on the right.

Jotron SKIPPER with new EML1100/1200 speed log!

Next week at Mets Trade in Amsterdam we will show the brand new EML1100/1200 (Please visit our stand 00.757). The EML1100 is our new single axis Electromagnetic speed log and the EML1200 is our new dual axis Electromagnetic speed log. These will replace the Compact versions of these products in the next couple of years. Both are now designed to work on INS bridges using the Open Bridge interface with redundant network options and using a web interface. Both systems will be available in Q1 2024.
